***if you are confused which class your child is in – just ask us!**

- The estimated running time is approximately one and a half hours with all classes performing once and returning back onstage for a final song and bow!
- For children over 10yrs- we are happy to supervise between the matinee and evening show with your written (email) permission. For children under 10yrs - a family member or friend must pick-up children and supervise them during the break or after stage rehearsals before dropping them back at show call times.

- Individual photographs in costume will be offered during a separate photo afternoon after the concert on **Sunday 26TH November**. More details to follow.
- We will advise individual classes on hair and stage make-up, as appropriate.
- We need your help to make this work – we will have a call out for backstage and canteen helpers soon! Your \$30 backstage levy will be credited towards your term 1 invoice if you volunteer.

Tickets

Performers do not need to purchase a ticket!

All audience members including siblings who require a seat, will need to purchase a ticket. These will be on sale in early November.

Please try not to bring young children who will not be able to sit still and quietly for an hour and a half, as it is very off-putting for our young performers onstage to have distractions in the audience.

We assure you we will make the concert an enjoyable and exciting experience for all our students. It is a big task to organize so please be patient with us and ask anything you need.

We are very excited about these performances and being on stage - we hope that all of you are too!
